Dear Local Agency Bridge Bundle Champion,

The MDOT Local Agency Bridge Bundle Team has been working with local agency bridge owners and the Local Regional Bridge Councils to identify priority investments for Phase II of the Bridge Bundle program, consistent with the requirements of the enabling legislation. We are in the process of finalizing the list of candidates which currently includes the following bridge(s) owned by your agency:

<table>
<thead>
<tr>
<th>ID</th>
<th>OWNER</th>
<th>FACILITY CARRIED</th>
<th>FEATURE INTERSECTED</th>
<th>PROGRAM CRITERIA</th>
<th>SCOPE OF WORK</th>
<th>YEAR</th>
<th>COST</th>
</tr>
</thead>
<tbody>
<tr>
<td>8941</td>
<td>City of Ferrysburg</td>
<td>W Spring Lake Rd</td>
<td>Smith Bayou</td>
<td>Load Restricted</td>
<td>Superstructure</td>
<td>FY 24</td>
<td>$9,920,000</td>
</tr>
</tbody>
</table>

If you concur with this as a priority for your agency, no response to this email is required. There will naturally be some adjustments to the investment plan that may need to occur as the individual projects move through the planning, environmental clearance, design and construction process, but the intent at this point is for the above improvements to be implemented as part of Phase II program.

If you have any questions, concerns or information that might impact the above being included in the Phase II program, please let us know. MDOT is planning to post the legislative report providing the final recommended statewide Phase II bridge list on the Pilot Bundling Project Website by COB today, Monday, April 4, 2022.

Thank you for your continued interest in and support for the program, and again please let us know if you have any feedback, questions or concerns.

Best regards,

Roger
NOTICE OF AUTHORIZATION
